About me

I am a student studying a Bachelor of Computer Science (Professional) at RMIT. My interests span general software development to theoretical computer science, with a current focus on the theory of computation.

Experience

- **2026-** Food and beverage attendant at Charcoal Chan
 - Part of the front-of-house team providing table service
 - Closing/cleaning
- **2026-** Westpac RMIT University Ambassador, Victorian W100 Committee Member
 - One of two Westpac Young Technologist scholarship recipients serving as an RMIT representative on the Victorian W100 Committee
 - Responsible for communications and events planning amongst Westpac Scholars at RMIT University
 - Working with the Victorian W100 to organise inter-university events and manage committee actions
- **2023, 2024** Volunteer table tennis coach at Highvale Secondary College
 - Coached year 7 and year 8 table tennis teams at interschool sports competition
 - Worked with one other coach to organise, direct and manage two teams
- **2023** Contracted developer of a docket submission mobile application for Top Up Labour Hire
 - Built in Flutter from scratch and targeted Android and iOS, implementing an existing undocumented API to enable submissions
 - Communicated with the client to negotiate and determine scope and requirements
 - Roughly 4 months start to finish

Education

- **2026-2029** RMIT University
 - Bachelor of Computer Science (Professional)
- **2020-2025** Highvale Secondary College
 - VCE

Achievements

- **2026** Westpac Young Technologists Scholarship Recipient
- **2025** 95.05 ATAR
- **2024** WDTA Boys B Special Summer Champions (tennis)
- **2023** 5th placed Australian in the Australian National Championship pyraminx final (speedcubing)
- **2022** Science Talent Search Victoria Minor Bursary winner
- **2021** Science Talent Search Victoria Major Bursary winner
